Dear Intake,

Please also excuse this unforeseen.

Dear Intake,

Please also excuse the inconvenience. I have an urgent need for remark to my mail correspondence.

Today, I continued attempt to redirect my mailing from a UPS Store at the Natomas Crossing location. Now, Clerk informed: UPS has imposed an exorbitant "Intercept Fee" of \$24. The store refused literature of documented policy. I saw no such fee from my research previously. I have audio recorded corroborating facts being party to conversation.

This postal anomaly is reasonably suspicious of being arbitrary in malice intent (in same organized crime conspiracy to commit...) to procedurally and financially harass and overburden with abuse of process and obstruction. It is consistent with impetuously recurring patterns through process of all of my matters. They have caused my indigency and blacklisting by exigent and unjust damages (over the course of my decades of life). (I am also aware: informant connectivities to your field office are also culpable in situation asserted. Some are are, actually and without just cause, adverse relatives I do not condone per knowledge. As you most likely have been made aware, it is germane to the reason for intents to pursue name change for record. I AM the WHITE SHEEP in my family that the rest are criminally hostile toward in their evil -- they are misinforming liars. I have been continually prejudiced on bases of their motives.)

I plan to continue effort to cancel and return delivery I suspect to mail tampered by reasonable inference per an overburdening series of events. This Remark was sent under these circumstances.
